

Your program is ~5 weeks away from kick off!

You should have the majority of your volunteers at this point.

**Things to work on for this week:**

1. **Continue to collect** the absentee and tardy data from the dates of the Walking School Bus program from the fall semester and the same dates from the previous year. Or you could collect for the entire semester if that is easier. Just clarify the data in your email to me. For those of you from a school that elected NOT to participate in this part of the evaluation process, you can skip this.
2. **Send me your Volunteer training dates** if you haven't already done so.

Thank you!

-Robert
