

One month until you stop registration of children and adult volunteers and begin planning routes! Nearly all of your attention should be on recruiting adult volunteers. In four weeks, you'll be very glad that you did!

For this week, please:

1. Mark your calendar for your route planning activities the week of September 21st thru 25th.
2. Schedule your volunteer training events for the week of September 28th thru October 2nd.
